OUR PURPOSE

Build a Global Organization focused on Making a Positive Impact in the World.

OUR MISSION

To End Hunger in North America by re-inventing the GIVING Model through disruptive, creative and collaborative Programs addressing the current fundamental flaws of transparency and value.

RTG – CURRENT COMPANIES WE OWN:

Purpose Driven Travel

With 78 Million Volunteers in North America, our unique Program allows Volunteers to raise more money for the Charity of Choice by feeding children and being rewarded with FREE Travel...WIN-WIN-WIN!

The Vegan Experience

There are 11 Million VEGANS in North America and this number expected to double in the next 3 years. This is a real growth Market, and we feed children with organic, vegan food.

Redefining Humanity

After COVID, programs like RH will allow people to reassess their priorities and values. This Program is built in Partnership with Online Social Media Influencers allowing them to grow their Brand and make money!

Immigrant Women in Business

Immigrants will play a significant role in our Future and as the ONLY non-profit company in the RTG Group, we tap into this community to hire dedicated, passionate employees that will help us build our Future!

Purpose Driven Artists

This Company allows us to Feed Hungry Children while supporting Creativity in Art, Music & Dance. Culture is an important part of our world community and this is our first initiative based in Europe (Geneva) that will help expand our global reach.

THE ERA OF SOCIAL IMPACT

CURRENT CORPORATE CHALLENGES

CULTURE

- Only 1-in-6 people feel connected to their organization and the people they work for/with.
- Only 1-in-5 people feel comfortable sharing problems or raising conflicts with colleagues.
- Only 1-in-4 report that leaders are responsive to their needs, communicate regularly and feel that team members are treated equally.
- Only a small fraction of any team—your team—feels they are getting what they need and truly connecting on a human level.

RETENTION LEVELS

- 93% of North American Companies continue to TELL their employees what Causes they will Support.
- Young employees today get passionate about the Cause they genuinely believe in, not the ones they are told to believe in.
- When Companies select Causes their teams don't relate to, 66% of employees feel disengaged and retention levels continue to decline.
- Our SOLUTION is to stop TELLING employees and start ASKING them what they want.

ESG's & SDG's

- The world has changed. Your people want to be part of something worthwhile, and get behind something they believe in.
- Your customers and investors expect you to behave responsibly with your people and your planet. It's not enough to turn a profit. You must make a bigger impact.
- If you want to deliver on the promise of your ESG (Environmental, Social and Governance) and sustainability strategy, then change is not just inevitable; it's VITAL.

PART I – THE BRAND

A CAUSE EVERYONE CAN GET BEHIND

- A percentage of our Fee goes towards ENDING HUNGER for Children in North America
- There are 17 Million Children in NA (Canada & the USA) that suffer from food insecurities daily
- We deliver 25,000 meals per month to a participating charity in your company's name so you receive both confirmation and recognition from the charity.
- Each Child receives 1 meal per day of Non-GMO, Organic and Vegan Food
- This effort directly improves your Company's CSR Program and ESG Score
- Feeding children is the first step for your employees and clients to feel a stronger emotional connection to your Brand.

PART 2 – THE TEAM

THE ULTIMATE TEAM-BUILDING PROGRAM

- Introducing THE SOCIAL IMPACT CHALLENGE (SIC) <https://www.rtg-social-impact-challenge.com>
- A Gamified Challenge that will engage your employees around Causes THEY care about to strengthen Culture, Communication and Retention Rates
- Develops a broader, Social Impact focus that is powered by your employees
- Improves CSR and ESG Scores during two campaigns for year – one for employees only and a larger one challenging Clients & Partners.
- Top employees and Teams win special rewards – everybody receives a T-Shirt with Company Logo that says **“I TOOK THE CHALLENGE”**
- It’s FUN, ENTERTAINING and encourages the STRONGEST PARTICIPATION you’ve ever had!

PART 3 – THE INDIVIDUAL

A POSITIVE PERK FOR EMPLOYEES

Positive Prime is a program based on Positive Psychology, Cognitive Psychology, and Neuroscience that helps people train their mind to become HAPPIER and HEALTHIER.

- To reward your employees for their engagement and positive impact, part of this programs includes a Positive Prime package for your team.
- With mental health and well-being, a top priority for people these days, Positive Prime will help your team:
 - Find inspiration, vitality and motivation to achieve greater success in life and at work.
 - Boost your positivity to achieve your goals more easily and reduce anxiety, stress and sleeplessness.
